

Celebrating the Grand Opening of Industry Kitchen

South Street Seaport has a new kid on the block: **Industry Kitchen**. The gorgeous 5,000 square foot waterfront restaurant and bar celebrated its official grand opening on Tuesday, July 14th at 7pm.

Invited guests enjoyed live music by **DJ YANIC**, a tasting of the food menu with an unobstructed view of Executive Chef **Marco Arnold** on-hand pulling out freshly made pizzas, grilled meats and vegetables from two large custom-made wood burning ovens and served to perfection. Guests also sampled the signature cocktail list including the **Crimson & Clover** and **Suburnt & Spiced**, as well as an open bar.

The stunning venue feels like a summer getaway, with views of the sunset over the Williamsburg and Brooklyn Bridges and Brooklyn Skyline.
