15 Must-Try Desserts You Can Only Get This Time of Year

Christmas carbs > Christmas cards

Forget presents: The best part of the **holidays in NYC** is the arrival of the city's outstanding desserts. And since they come around only once a year, you have our permission to give your sweet tooth all the frosting and sprinkles it can handle. Here, fifteen indulgent treats to try before January.

24K PIZZA AT INDUSTRY KITCHEN

Oh, you know, just a pizza topped with Stilton cheese, caviar, truffle shavings, foie gras and *gold leaves*. Yes, we realize this is not a dessert, but it's nothing if not decadent. (This one's also available year-round.) If you've ever wanted to drop \$2K on a pie, now's your chance. FYI, you'll have to order 48 hours in advance—plenty of time to find a bag of money on the ground, right?
