Just weeks earlier, South Street Seaport restaurant Industry Kitchen showed off its \$2,000 Eat The Rich pie, a wood-fired pizza topped with truffles, foie gras and caviar, and sprinkled with gold leaf flakes, of course.

““It is the epitome of decadence,” Industry Kitchen executive chef Braulio Bunay told Town and Country, explaining he was inspired by the nearby Financial District. “The pizza is extremely rich—if you’re in the mood for a lavish meal, this is the pizza for you.”
